# ABOUT COMPANY

Bornhard Holdings is a proudly South African company established in 2016. We specialise in fabrication, welding, boilermaking, and pipefitting, offering high-quality and cost-effective solutions to meet the diverse needs of our clients.

Our approach is built on a strong commitment to excellence, empowerment, and integrity. With each project, we aim to deliver reliable results while maintaining close collaboration with our clients to ensure their requirements are met with precision.

Over the years, Bornhard Holdings has continued to grow and expand its footprint, driven by professionalism and a client-focused approach. We take pride in building long-term partnerships and making a positive contribution through every project we undertake.

# OUR VISION

**01** Our vision is to be recognised as the preferred partner in fabrication, welding, boilermaking, and pipefitting, known for delivering dependable, high-quality solutions that add real value to our clients.

**02** We aim to build a sustainable company that not only grows with every project but also empowers people, creates opportunities, and makes a positive impact in the communities where we operate.

# OUR MISSION

01

Our mission is to provide cost-effective and reliable services through the skill and dedication of our qualified welders, pipefitters, and boilermakers. We are committed to maintaining the highest standards of safety, efficiency, and precision in every task we undertake.

02

We strive to exceed client expectations by fostering long-term partnerships built on trust, integrity, and professionalism, while ensuring that our work contributes to both business success and community upliftment.

Services

# ENGINEERING DESIGNS & DRAUGHTING SERVICES

01

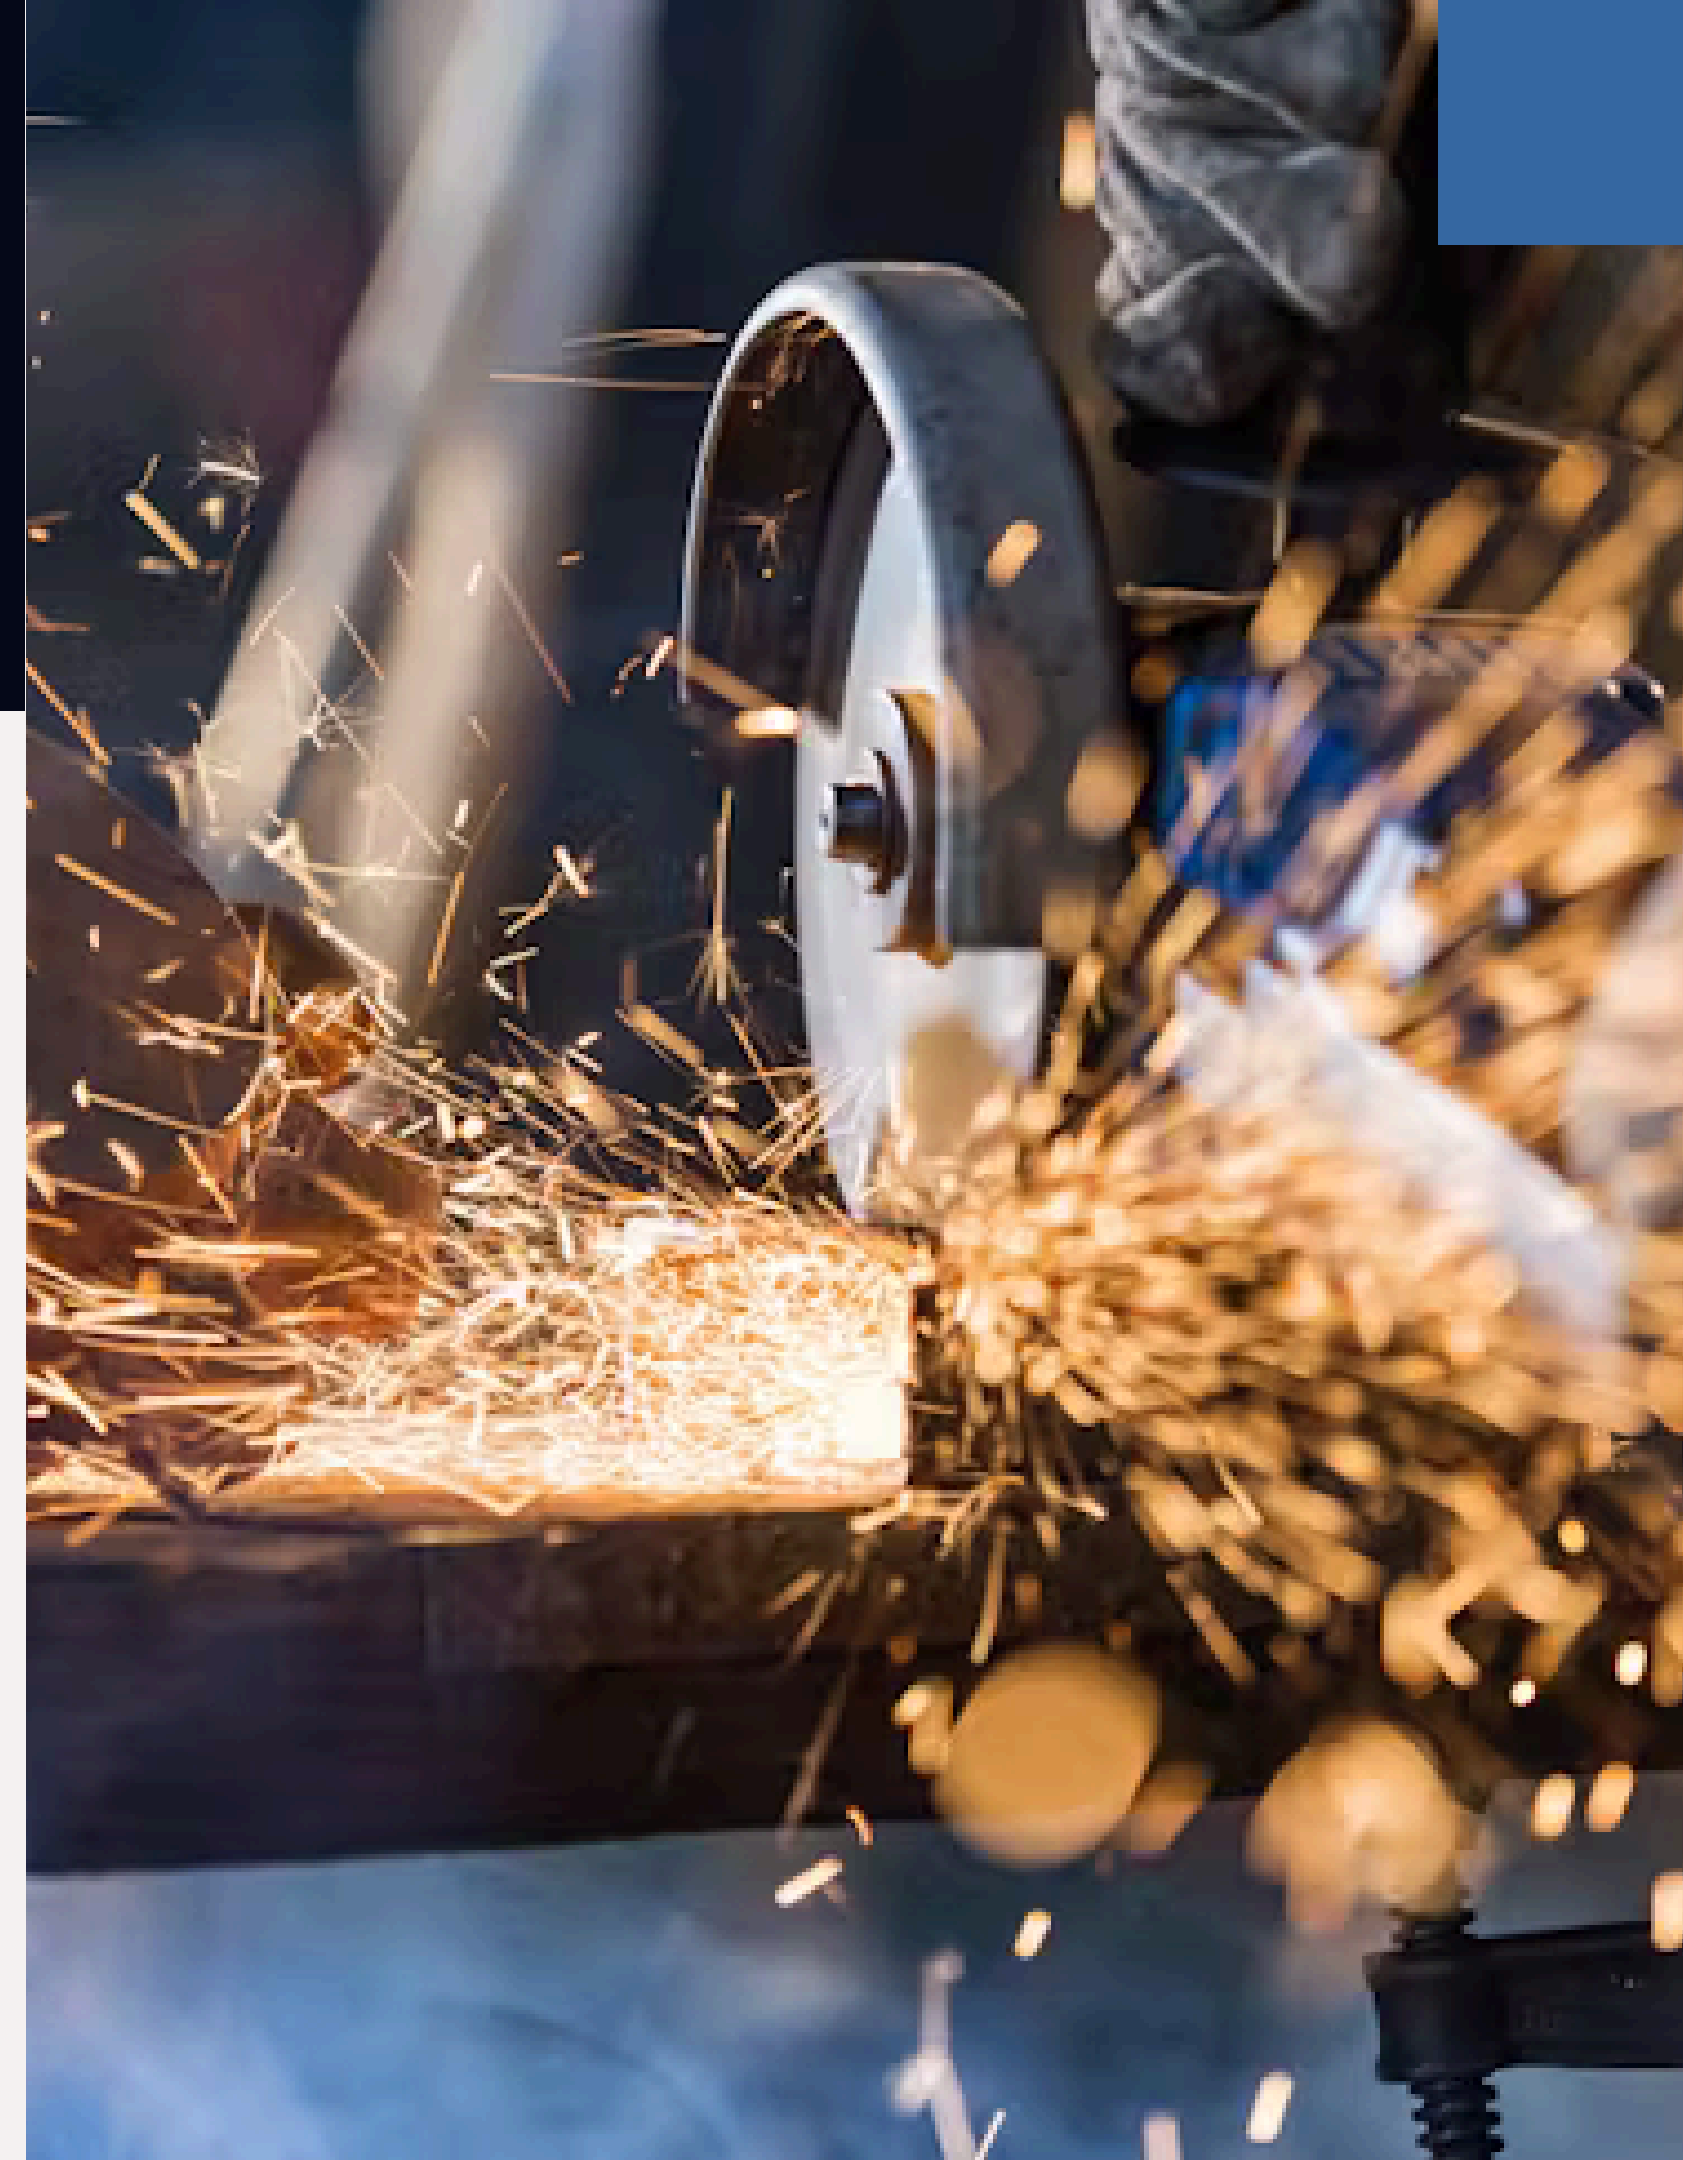

Bornhard Holdings provides integrated engineering designs and draughting services to support its fabrication, welding, and installation operations. These services include mechanical, structural, and piping designs, as well as detailed 2D draughting and 3D plant modelling.

02

All designs are developed in accordance with applicable South African and international standards, ensuring safe, compliant, and constructible solutions. This integrated approach allows Bornhard to deliver end-to-end project execution with a single point of accountability.

# ACCREDITATION

## ISO 3834

## CERTIFICATION

Bornhard Holdings (Pty) Ltd is certified under ISO 3834 – Quality Requirements for Fusion Welding of Metallic Materials. This certification verifies that our welding procedures, personnel qualifications, and quality control systems comply with internationally recognized standards. It ensures full traceability, controlled welding processes, and consistent compliance with client and project specifications across all fabrication and pipe installation work.

# OUR TEAM

Bornhard Holdings is led by two experienced directors whose combined expertise drives the company forward. Johannes Hardnick, Operations Director, brings over 30 years of experience in pipefitting, welding, and fabrication, with a strong background as a supervisor overseeing complex projects. Vaughan Bonini, Managing Director, offers nearly 20 years of public service experience in managerial roles and also directs a real estate agency, providing strategic and administrative leadership. Together, they ensure Bornhard Holdings remains committed to quality, professionalism, and reliable service delivery in every project undertaken.
